EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jonathan S. Edelson on July 25, 2003.

The application has been amended as follows:

Cancel claims 78-222 without prejudice.

2. The following is an examiner's statement of reasons for allowance:

The feature of the control mechanism electrically connected to the generator providing control over the generator adjustable torque load wherein the adjustable torque load is reduced when the rotational velocity of the prime mover is not sufficient to produce the power output requirement and the adjustable torque load is increased when the rotational velocity of the prime mover is in excess for the production of the power output requirement, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
